## GET GULFLUBE— It's "Stripped for action"!

This sprinter can't win races hampered by this outfit! Cheap, poorly refined motor oils are likewise hampered—by waste material—carbon, gum and sludge-formers—that should be removed by further refining.

Now he's less hampered—but not entirely free. Likewise, most 25c oils are rid of some excess waste material—but not enough. For until Gulf perfected its Multi-sol process, a thoroughly refined 25c oil was not available.

Here's the sprinter "stripped for action,"—like GULFLUBE MOTOR OIL. Stripped of all excess waste by Multi-sol refining, Gulflube is the finest 25c oil in America! Actually premium quality oil, "all of it goes to work, none of it goes to waste." Try a filling—at the sign of the Orange Disc.
